

Figure 6

Figure 6 consists of two panels, (a) and (b), each showing a series of horizontal bars representing different categories or groups. The y-axis labels are partially visible and include terms like "Category 1", "Category 2", etc., along with some numerical values. Panel (a) shows a set of bars with varying lengths, while panel (b) shows a similar set of bars, possibly representing a different dataset or condition. The bars are color-coded, with some appearing in shades of blue and others in lighter colors.
